## PROHIBITION IS SMITH SUBJECT FOR MILWAUKEE

Eighteenth Amendment,  
Volstead to Be Touched  
In Address

## WARM RECEPTION GIVEN NOMINEE

Kern-LaFollette May Give  
Endorsement To Dem  
Selection

By GEORGE R. HOLMES

Milwaukee, Wis., Sept. 29.—Gov. Smith brought his presidential candidacy into Wisconsin today and Milwaukee gave him a reception which is never accorded anyone, save possibly the late Bob La Follette.

Tonight in the city auditorium, Gov. Smith will bring to a close his western trip. He will speak on prohibition. He deliberately chose Milwaukee, the former brewing capital of America, as the spot in which to explain his ideas of prohibition reform.

Volstead Subject  
"I will speak about the 18th amendment and the Volstead act," said the governor.

Milwaukeeans said that no candidate for the presidency has ever received the reception which Milwaukee gave to Gov. Smith last night. Thousands surrounded the station when he arrived and other thousands packed the streets for two miles to see him. Red fire burned along the curbs.

Reports as to Gov. Smith's ability to carry the state in November vary according to the informant. The letting today was even money, with not much money being wagered either way.

LaFollette Silent  
Senator "Young Bob" La Follette has thus far maintained silence concerning the presidential race. But most of his friends are working tooth and nail for Smith. Senator John J. Blaine, who is La Follette's colleague at Washington and a former governor, has just come out for Smith and announced he would neither vote for nor support Hoover.

Herman E. Kern now chairman of the state committee and an old LaFollette lieutenant is distinctly cool to the Hoover candidacy. While neither he nor La Follette have endorsed Gov. Smith it is well known that their friends are supporting Smith.

Smith Hopeful  
It is into such a situation that Gov. Smith stepped today. He is hopeful of carrying the state in November. His speech tonight is calculated to help him along the road. Milwaukee is wet and so is Wisconsin.

Gov. Smith will spend two nights in Milwaukee, the longest he has carried anywhere since setting forth on his western journey two weeks ago. He will not leave Milwaukee until 12:30 p. m. Sunday afternoon for Rochester, and the Democratic state convention.

## 142 CASES ON COLUMBIANA CO. COURT DOCKET

Criminal Trials Scheduled  
For Hearing During  
Coming Week

With 142 jury cases listed on the active trial list for the new term of court in addition to 34 actions that are to be tried to the court early indications are that the new term will be one of the most active in recent years.

It is not probable that Judge W. F. Lones will be in a position to have a foreign jurist preside in No. 2 court room until late in November as the majority of the jurists, even in the smaller counties, are now engaged in disposing of local cases with the opening of the new term.

The active trial list does not include criminal cases, some of which are to go to trial next week. The first of the criminal cases to be tried are on indictments returned by former grand juries. The first criminal cases to be tried on indictments returned by the September grand jury will not likely go to trial much before the week of Oct. 8.

The court of appeals will sit in this county Nov. 11, and the spring term of this court will begin April 8.

The active trial list for the new term of court follows:

## SEEK MOTORIST AFTER ACCIDENT

Two Machines Damaged  
By Hit-Skip Driver,  
Mayor Checks

Salem police authorities are today trying to locate a hit-skip driver who collided with two machines, parked on Depot st., shortly before noon, Friday, causing considerable damage to both.

Machines struck by the alleged offender are owned by Joe Keeler, Boys' Corners and Steven Boros, Damascus rd.

The hit-skip driver drove from Main st., south on Depot, where, according to police, he crashed into the two machines, knocking two wheels off Keeler's auto and bumping the car owned by Boros onto the sidewalk, damaging it.

Mayor Phil Hiddleston today issued an order stating that every protection must be given machines parked on the city streets.

"Machines parked legally in Salem are entitled to all protection from other machines. Violators will be apprehended immediately and charged with reckless driving." Hiddleston declared.

Witnesses to the accidents yesterday are reported to have obtained the number of the machine which caused the accident. They are requested to get in touch with Hiddleston immediately. An investigation conducted by Hiddleston all day Friday failed to identify the driver.

## COOLIDGE ASKS FOR G. O. P. VOTE

Speaks at Convention In  
Home State; Endorses  
Candidates

Symphony Hall, Boston, Sept. 29.—President Coolidge in a message to the Republican state convention of his "home state" today made what was regarded by party leaders as a personal appeal for the election of Herbert Hoover and the Massachusetts Republican ticket.

There had been speculation concerning what the president would say here today with a reaffirmation of his faith in Republican principles and practices.

The president's message to the convention follows:

"Although it seems a long time since I have attended a Republican state convention in Massachusetts my interest in the purposes for which they assemble has not diminished but rather increased and was never greater than in the present campaign. It is membership represents an organization with a long history of achievements in the field of sound government which has carried incalculable benefits to every home.

Needs Administration  
"Our country needs the continuation of the administration of public affairs in accordance with the principles which has secured this result. This need should be fulfilled by beginning the next political year under the tried and experienced leadership of Frank G. Allen (Republican candidate for governor) and B. Loring Young (Republican candidate for United States senator) in our commonwealth and of Herbert Hoover and Charles Curtis in our nation.

"To our convention assembled for the accomplishment of these ends, I send my cordial greetings."

Harmony marked the opening of the convention and word from the platform builders said that all was harmonious there too, with a plank endorsing prohibition and Republican principles.

## G. O. P. NOMINEE WILL SPEAK IN EMPIRE STATE

Address To Be of Straight  
Political Nature;  
'Harmony' Sought

SPEECH IS EFFORT  
FOR NEW YORK VOTE

Gathering Will Be One of  
Largest In Republican  
Party Annals

BY WILLIAM K. HUTCHINSON

Washington, Sept. 29.—Herbert Hoover will head one of the greatest Republican rallies ever held when he speaks at Madison Square Garden in New York City on Oct. 13, it was learned today.

The Republican nominee will make a straight political speech, intended to stir up enthusiasm among party workers in the Empire state. He will divert, of course, to reassure both business and organized labor, by brief discussion of Republican issues affecting their welfare.

Seeks "Harmony"  
In the end, he will seek "harmony" in the party and his principal efforts will be to create political "whoopie" so the party boys will go out and carry the state for the Republican ticket in November.

One of the greatest assortments of Republican organizations, ever assembled under a single roof, have been invited to the rally. The list includes the Union League club, the Republican National committee, the Republican National Women's organization, the Republican Business Men's association, and the Republican County and State committees of New York.

Speech Carefully Planned  
The candidate will plan his speech carefully. It will be his "bid" for the Empire state's electoral votes and his first invasion of Gov. Smith's home bailiwick.

Hoover meanwhile has completed his Elizabethan, Tenn. speech. With this speech finished, the nominee made a number of engagements for the day. His calling list included Senator Vandenberg (R) of Michigan, the Republican Services Men's League of New Jersey and the knights of the round table.

Score Smith  
The Republican National committee meanwhile continued to fire away at Smith. Senator Moses (R) of New Hampshire, issued one statement, declared Smith had turned homeward "after what must have proved to be a most disappointing expenditure of time and effort—to say nothing of his show-car million dollar special train." He charged Smith with being "both for and against" the McNary-Haugen bill and with "sidesplitting" Senator William E. Borah, who has become Hoover's outstanding champion on the stump.

## BOMB BLASTS ROCK SUBURBS

Cleveland Is Scene Of  
Explosions; No One  
Injured

Cleveland, Sept. 29.—Two terrific bomb explosions rocked two of Cleveland's suburbs early today, threw the residents of a 29-suite apartment house into a panic, and damaged a private home.

A bomb placed under the porch at the home of Paul K. Hackett, real estate broker, of Rocky River, threw Hackett, his wife, her sister, and a maid from their beds. The front of the house was literally torn away. Damage was estimated at \$2,500 or more.

Residents of the Traymore apartments on the west side were awakened when a bomb exploded outside the apartment of Mrs. Selma Schuler, an official of the Puro Products company. The blast tore out part of a brick wall, broke nearly every window and showered plaster on the occupants of seven suites.

The explosions took place within 15 minutes of each other and at points relatively close together. No explanation could be offered in either case.

## MUTUAL COURTESY

A staff writer of a Chicago paper who is making a triangular trip from Chicago to Little Rock, Ark., thence across the Mississippi valley to Memphis, Tenn., and from that point homeward, tells the readers of his paper that he found the people of Little Rock the most polite of any met by him on his trip, and he questions whether at any other point in the land their equals for courtesy and consideration can be found.

In Little Rock, he says, it is possible to travel either afoot or by motor car without receiving either physical injury or verbal affront. Every car stops at every street crossing in the business section, and he found the "beg pardons" so frequent as to constitute almost a continuous flow. At corners where signal lights are installed, both pedestrians and motorists are courteous, all faithfully observing the signals. Occupants of cars and pedestrians alike appear pleasant and happy in their endeavors to maintain harmony and good fellowship. The smile is present and the frown is absent, and "bawling out" are conspicuous for their absence. He didn't hear an unpleasant word in traffic during his stay in the city.

Traffic officials told him, upon inquiry, that their records show that vehicles move about as rapidly in Little Rock as in other cities where mutual courtesy by motorists and pedestrians is not manifested, the time lost in crossing stops being made up between crossing, where there is no danger of running people down, as the people of Little Rock are not given to jay-walking, but make a practice of going to the nearest crossing when they wish to proceed across a street.

If this showing of courtesy and consideration to each other by motorists and pedestrians will work alike for the pleasure and safety of traffic in Little Rock, why can it not profitably be followed in every city in the land? Why should scowls, if not harsh words, so often prevail at street crossings, when there may be smiles and expressions of courtesy? If the people of Little Rock can educate themselves to this end, why can not the people of other cities? Why cannot the people of Salem?

It's a fairly safe estimate that from 90 to 95 per cent of the motorists will be found considerate of foot traffic, and it's just as safe to estimate that a like percentage of pedestrians will be glad to reciprocate in courtesies. It's the five per cent of each class—the reckless, the wilful and the ignorant—which causes the great majority of the accidents which occur. Why can not the 95 per cent of each class cooperate with the authorities to educate the poor unfortunates of both classes who are unobservant of the rights of others and ignorant of the decencies which go to make life worth living?

It would be a grand accomplishment and add to the span of human life, not alone by obviating injury and possibly death to many, but also by obviating the anger which traffic discourtesies and impositions so frequently engender; for there are few greater enemies of human life than anger, whether it be manifested or our outward sign of it be suppressed.

## What Others Say

MR. HOOVER AND FRANCE  
A graceful and appreciative article on Secretary Hoover as "A Friend of France" appeared in the Paris Figaro of Aug. 19. It was written by Louis Chevrillon, who especially devoted himself to Mr. Hoover's work in feeding the children and destitute in the devastated regions of France early in the war, before the United States entered it, and to his activities as food administrator, after the armistice, in getting supplies to the impoverished in several countries—Germany, Austria, Czechoslovakia, Serbia, Hungary, Poland and Russia. This was certainly a great labor in humane organization, and still deserves, as it amply had at the time, the praise of the civilized world.

M. Chevrillon does not pretend that Mr. Hoover is inclined to go all the way with France. The sec-

retary's point of view is thoroughly American—perhaps too innocently so in some things—and he may feel obliged to defend and assert his own country's interest even when it seems to go counter to that of France. This would be particularly the case in the matter of the war debts, which it is understood that Mr. Hoover believes should be collected in the fullest possible degree. Nor in the matter of tariff favors, or reciprocal trade agreements, could French exporters have much to hope from Secretary Hoover, after they have read his speech of acceptance. But what France could safely depend upon is the continuance of that sympathetic friendship for her which there is abundant evidence to show that Mr. Hoover formed and cherished during the war. M. Chevrillon recalls the time, early in 1917, when the Germans had been driven back to St. Quentin and the mayors of the towns in the liberated regions were brought together to meet Mr. Hoover. They conducted him to small village after small village which had been completely laid waste by the invaders before they retired. At the sight Mr. Hoover exclaimed in words which it is better to leave in French: "Quelle damnee machine!"

Neither he nor the French can have forgotten those days, and it is certain that in any international questions particularly affecting France with which Mr. Hoover may be called upon to deal, he will, as this French writer declares, not be lacking in sympathy nor in a sense of right and equity.—New York Times.

SUNDAY'S horoscope fosters things of the church ecclesiastical and magistrates. It points to rewards for dependability and augurs recognition from old-established institutions or elderly persons. Poetry, music or matters relating to things mystical will hold the attention.

Those whose birthday it is may prepare for a year in which substantial recognition may crown their diligence and perseverance. It may advance property interests and real estate. The fine arts or mystical evocations may engage the attention. A child born on this day may be studious, responsible and industrious and at the same time may have a leaning toward high art and mysticism.

God's own synonym is use.—Proverb.

AIR AND SKY-SHINE  
ADD YEARS TO LIFEBy Royal S. Copeland, M. D.  
United States Senator from New York, Former Commissioner of Health, New York City

Why is it that sensible men and women, leaders of thought, engineers of public sentiment, teachers and preachers—why is it that they are willing meekly to endure an atmosphere of dust, smoke and germs? Why will they live in filth, breathing contaminated and disease producing air?

I sometimes say that educated people know everything except how to live. They know, appreciate and apply values, except such as relate to good health and long life.

It isn't enough merely to live to be 80. To be active and effective at that age is far more important. Nobody wants to shuffle along, dragging dead or dying members, robbing the undertaker of his overdue employment. When the elasticity of muscles and springiness of gait are gone, what is left of the body is hardly worth keeping.

You don't need to break down ahead of schedule. It is within your power to fend off that evil day and prolong your usefulness indefinitely.

I firmly believe that the average man can add years to his expectancy of life. He cannot do it by crooking his forefinger twice a day. But he can do it by observing a few simple rules of personal hygiene.

What are these rules?  
The first one relates to fresh air and sky-shine. There is no excuse

to be without the former. I would rather have sunshine than to get along with sky-shine. But sometimes it is impossible to have sunshine while sky-shine is always available.

Man could not live in a thermos bottle. Neither can he long survive an atmosphere as dead and lifeless as would be found in a giant thermos bottle. Why will men and women suffer the atmospheric hazards of the average business office?

Recently I saw a senate committee room heretofore unlivable converted into a place of sweet clean air. There are two windows each with a transom. An electric fan was fitted into a round opening in each transom. One fan directed a current of air inwards and the other blew it outwards. In this simple manner there was established a circulation of pure air without dangerous drafts.

There are other methods of ventilation but I have little faith in a single one of them as the sole means of sustaining life and energy. There must be not only clean air to breathe but also the body must be bathed in the stimulating and life-giving rays of light from sun or sky.

Light possesses qualities which are essential to the highest physical welfare as well as to the mental alertness. Push up the shades and get all you can of the beneficial effects of sky-shine and sunshine. If you work habitually at night, demand modern illumination, a scientific substitute for sunshine.

You will be better men and women if you live close to Nature's heart. You cannot thrive physically if you disregard the rules of hygiene.

BRITISH R-101 IE  
BIG HOTEL FOR  
TRAVEL BY AIR

Cardington, Eng., Sept. 29. — A huge aerial hotel, 724 feet long and 131 feet in diameter, is the best description of the Airship R-101, just being completed here for the British government.

Its completion will end one of the most remarkable struggles ever seen between state and private enterprise.

Four years ago the British government assented to the construction of two airships, both of which were to be twice the size of any previously built. An order for one was given to the Royal Air force, and the other was to be built by the Burney Airship Guarantee company. A level start was made under conditions of the greatest secrecy, and both are now nearing completion.

Differs From Zeppelin

The R-101 represents the effort

of the Royal Air force, and the most remarkable feature of it is a radical breakaway from the Zeppelin method of lattice-work construction. It is contended that its method of duralumin girders and special joints provide enormously increased strength.

Many novelties of design have been introduced. One of the most interesting consists of a reserve fuel supply that is run into special pressure tanks from which it can be blown by compressed air to any part of the ship.

The ship has been built to carry 100 passengers between England and India at a minimum speed of 60 miles per hour under conditions of luxury similar to those of a first-class hotel.

Inside its huge hull the passengers will be accommodated on a deck in the center of the craft which has an area of over 5,000 square feet, under which will be a lower deck with an area of 1730 square feet, which, if necessary, could be increased to 4,000 square feet. This lower deck will be used by the crew and the upper deck will be fitted out for passenger accommodation.

Church of Our Saviour, 227 McKinley ave., Rev. Christian A. Roth, rector.

Services Sunday Sept. 30th the 17th Sunday after Trinity Celebration of the Holy Communion 7:30; church school 9:30; morning prayer and sermon 11.

Today Saturday, is the feast of St. Michael and All Angels. This festival has been observed in the church from primitive times. Our generation is inclined to hold the church's view of the angelic ministry somewhat cheaply as a pretty poetical fancy, but without any more substantial reality behind it than old-time legends of gnomes and fairies and the like. Certainly it is true that the Jewish angelology of the age immediately before Christ had run to an extreme not warranted by anything in Scripture, and that a good many beliefs which have been current in the church about angels, good and bad, are founded on such imaginings rather than on Holy Scriptures. Much of Milton's treatment of the subject, for instance, cannot bear that test, nor can the popular artistic conception of an angel as a sexless human figure with a pair of leonine-like wings and any warrant in the Bible. Angels appearing on earth are "men in glistening white apparel." But when every allowance has been made for the play of human imagination on a fascinating subject, the fact remains that throughout Scripture there is a clear belief in the ministry on earth of heavenly beings, belonging to a higher order than the human, the exponents of the Divine purposes and the guardians of the children of God. Our Lord Himself has set the seal of His authority upon this belief in the clearest possible way, and to His apostles it was the most natural thing in the world. If men and women are spiritual beings, inhabiting for the present a "tent" of flesh what is there impossible in the belief that the Creator is served by other orders of beings, spiritual like ourselves, but without our present material limitations? And if the possibility of such existences be granted on the premises, what is more likely than that among their activities should be the succor of man, whom the Incarnation had proved to be so precious in sight of God? Moreover the consciousness

we all have of the limitations of our intelligence points in the same direction. The Creator is worthy to receive blessing and honor and glory and power from minds entirely unfettered and free. Does it not seem at least inherently possible and probable that He, the great Mind, has servants, "ministering spirits" capable of entering into His purposes and understanding the wider workings of His Mind, as we cannot as yet? The more we, by grace, grow into the knowledge of God, the more we appreciate the profound necessity, if we may put it so, that His praise should be perfected by the wonderful order of angels, and that there is no more exalted privilege for us than to be able to say: "Therefore with angels and archangels, and all the company of heaven we laud and magnify Thy glorious name; evermore praising Thee and saying, Holy, Holy, Lord God of Hosts, Heaven and Earth are full of Thy glory. Glory be to Thee O Lord most High."

## Social Affairs

### Kiwanis Club Sponsors Dance At Memorial Building Friday

An outstanding social function of the week was the dinner-dance given by the Kiwanis club Friday evening at the Memorial building, honoring the 15 members recently received into the club, and their wives. "Ladies Night" was observed on this occasion.

Dr. R. E. Smucker was chairman of the committee, which arranged the party. There were 61 in the company.

The party was held in the auditorium and the stage was elaborately decorated in palms ferns and

autumn flowers. Purple and yellow tones predominated in the decorative motif. Flowers and candles were used with pretty effect on the tables.

The vari-colored balloons tied to each chair helped to make the affair colorful. There with a few other novelties were provided each guest. Paper caps were worn by the women and toy hats by the men.

Atty. H. L. McCarthy, president of the club, was toastmaster. Rev. G. D. Keister gave the address of welcome and in a humorous speech Dr. J. G. Sharp handed out "presents" to several of the members.

Cleveland, Sept. 29.—Harry P. Holmes, of Toledo, was convicted of complicity in the 1925 Lorain, O., post office robbery and sentenced to 25 years in the Atlanta penitentiary by Judge John M. Killits in federal court here today.

A jury of 12 men found Holmes guilty, reporting at noon after deliberating since 6 o'clock last night.

Four men robbed the Lorain post office, obtaining securities valued at about \$50,000. James "Seas" Burke, another member of the bandit gang, was also sentenced to 25 years in Atlanta recently and he is now serving that sentence. Another member of the gang was killed in an automobile crash at Helena, O., the morning after the robbery, while the fourth is serving a term in Ohio penitentiary.

Paul Whiteman Has Shrunk to Mere 212

Canton, Sept. 29.—Paul Whiteman, the famous master of jazz, has lost 90 pounds in the last year and is down to a mere shadow of his former self—212 pounds, he revealed in an interview here today.

Hard work did it, Whiteman says. His orchestra has played in 200 cities in two years he says and it's a case of "riding all day and playing all night." The famous leader says he's homesick and has been with his four-year-old son only two months during the child's life.

New York—A survey by the Chatham Phenix National Bank and Trust company shows that \$4339,000,000 has been paid in dividends and interest the first three quarters of this year. The total is larger than during any similar period in the nation's history.

## INSANE SLAYER APREHENDED IN SALT LAKE CITY

### Prisoner Escaped From Lima Institution On September 3

Columbus Sept. 29. — Dr. W. H. Vorbau, superintendent of the Lima State Hospital for the Criminal Insane, was to confer here with State Director of Welfare John Harper in regard to steps to be taken to obtain the return of Clarence Beard, insane killer, who escaped from the Lima institution on Sept. 3, and whose capture and identification was reported from Salt Lake City yesterday.

Beard was arrested in the Utah city last Sunday and was sentenced to 15 days imprisonment for trespassing in a railroad yard there. For five days he was imprisoned in the Salt Lake City jail with officials unaware of the fact that he had behind bars an escaped maniac for whom a nationwide man hunt was in progress. At the time of his arrest for the comparatively trivial offense, Beard professed to be Charles Schenacker an itinerant working man.

Deception Discovered  
His deception was discovered yesterday when an examination of his fingerprints showed they tallied with those of the man who had been serving a life term at the Lima institution for the murder of Stephen Zaborski, bank employee, during a holdup at the Cleveland Savings & Loan bank last January.

Beard had \$45,000 in his possession when taken into custody, according to dispatches from Salt Lake City, and has declared his intention of resisting all efforts to have him extradited although Dr. Vorbau at Lima last night stated that he would send one of his staff to Salt Lake City at once to have the fugitive brought back to the institution.

Beard, together with Thomas McKenna, also a lifer at the State hospital, overpowered a guard at the hospital and escaped. In scaling a 20-foot wall McKenna sustained a leg injury which eventually resulted in his recapture a few days after the "crash-out," but from the time of the jail break up until yesterday, Beard had disappeared as completely as though the earth had swallowed him.

"Four Walls," starring John Gilbert and Joan Crawford, is the feature picture scheduled for Salem theaters the coming week. It will be at the State Wednesday and Thursday.

The announcement was made also today by Manager Virgil Rakestraw of the Grand and State theaters, that "Lila Time," famous war picture with Colleen Moore in the leading role will be at the State in two weeks.

"Four Walls" is a story of East Side New York City. There Benny Horowitz, a Jewish boy grows to manhood and finds his soul warped with the environment of a leader; a cool, calculating emotionless human; a potential killer and a menace to his fellows.

He comes to the end of his crooked trail when he is sent "up the river" for four years after he shoots a man.

Confined in his prison within "four walls," Gilbert is seen in the greatest, most impressive scenes he ever filmed. There the youthful killer, with the aid of Frieda, a beautiful, clean-living lass, finds his soul. Benny's return from prison finds however that Frieda has deserted him and has gone with a gangster leader.

His attempt to go straight and resist the temptations offered him by Frieda compose an impressive plot which is undoubtedly Gilbert's best.

The "Big Parade" of Europe is at the Grand Monday and Tuesday. The title of the show is "Madelaine from Armentiers" and stars John Stuart and Estelle Brody. The film has been made in Europe, and has the rating in that country of the same calibre as America's "Big Parade." It is a powerful wartime picture.

At the State Monday and Tuesday is Mary Astor and Neil Hamilton in "Three Ring Marriage." This is a circus story with a love story brought into the plot with a series of adventures.

The second of the week's big shows opens at the State Wednesday and is there the remainder of the week. This is "The King of the Ring," a feature showing glimpses of dramatic romance in the fight game, with scenes of the famous "long count" of the Dempsey-Tunney fight; Pancha Villa's battles with Frankie Genaro. Piro vs. Dempsey, Ciqui vs. Jimmy Wilde; Johnny Kilbane, Benny Leonard and every other boxer of note since fights were filmed is brought into action.

Ken Maynard leads an all-star cast in "The Uplander" a vivid adventuresome story of western territories when the west was young, at the Grand Wednesday and Thursday. Friday and Saturday in this house is shown George O'Brien and Estelle Taylor Dempsey in a daring drama of life in a convict labor camp, "Honor Bound."

Jack Holt shows up again in "The Vanishing Pioneer" at the State Friday and Saturday. Sally Kane is the leading feminine.

## PIRATES KILL TWO IN RAID

London, Sept. 29.—Chinese river pirates disguised as passengers boarded the Chinese steamer Arking at Honghai Bay, murdered two English officers of the ship, wounded its captain, also an Englishman, and then commandeered the vessel, according to a dispatch from Hong Kong received by the Central News Bureau today.

The quartermaster of the ship, a Chinese, led the pirates in turning upon the officers and rest of the crew the dispatch stated.

BEE UPTADATE says that in order to get your name in the print and be in the lime-light today a person must either dance himself dizzy, fly across the pond, be a hog-calling champ, or take the blindfold cigarette test. We might add that another sure way to become very well known is to allow your bills and debts to go unpaid. It's surprising how quickly news travels from one merchant to another and all over town.

# American League Race Is Over With Yankees Topping Heap

## Crippled New Yorkers Scheduled For Combat In World Series Again

BY LES CONYER

New York, Sept. 29.—On the eve of the annual football game with Harvard, a group of Yale undergraduates were seized to the student body at Cambridge the message "may the best team win!"

Well, the better team, and not the best, won the American League pennant this year when the Yankees beat Detroit yesterday and the Philadelphia Athletics were mathematically eliminated.

The Yanks clearly outplayed the Athletics, winning six, but against the rest of the league the Mackmen had a record of 7 1/2 games on the New Yorkers. With the Philadelphia-New York contests eliminated, the A's won 91 games and lost 38 while the Yanks won only 84 and lost 36.

Be that as it may, the Huggins were victorious in the pinches and that gameness of theirs may give them another world's championship, despite the loss of Pennock, the poor condition of Lazzeri, Ruth and Koenig and the injury to Earl Combs, star center fielder. Combs, who fractured his right wrist when he crashed into a street wall Thursday, is out of the series, in all probability. Paschal will take his place against south-paw pitchers and Durst will get the call against right-handers.

But the other Yankees regulars, their jubilation over winning New York's sixth pennant in eight years somewhat tempered by the loss of Combs, believe that Ruth, Lazzeri, and Koenig can round into shape by taking a complete rest in the five days remaining before the start of the post-season classic.

Ruth's ailing knee does not seem to be affecting his batting, as he has walloped three home runs in his last three games. If a truck should run over the Babe in the

## New Capitol Costs Australia Millions

Canberra, Sept. 29.—Australia has spent approximately \$52,730,000 on the construction of her new capitol at Canberra. This estimate was supplied by the parliamentary committee inquiring into local housing conditions.

Last year's expenditures by the housing commission exceeded receipts by \$1,922,965. It is pointed out, however, that the city is deemed for a population of 100,000 whereas the present population numbers only 6,000 persons.

## Data On Ohio Gridders

### Football Occupies Stage With Teams In Action

infected foot, and Ralph Young is out with a dislocated shoulder. Other casualties include sore muscles, and strained ankles.

Cleveland.—Western Reserve's grid aspirants are daily going through some stiff drill in preparation for a rather tough season. The first game will be with Kenyon here, Oct. 6. Reserve trounced the boys from Gambier 37-0 last year in a one-sided contest.

Muskies Face Problems  
New Concord.—Confronted with the proposition of building up a grid team capable of meeting the best in the state, Coach Bill Lange, head mentor at Muskingum college, is grooming his proteges for one of the most grueling schedules ever met by the Black and Magenta. Although the Muskies team has suffered considerably by graduation, all Ohio turns its eyes on this little college to see if the prestige maintained in past years, is to be upheld this season.

Hiram.—Depending on speed rather than on weight, Coach Miles D. Evans of Hiram college is spending a great deal of time on his grid aspirants in preparation for the seven Ohio conference games scheduled as the stiffest program for Hiram gladiators for some time. And the opening game, with Wooster Oct. 6, is considered the stiffest of them all.

Berea.—With only 20 odd men on the Baldwin-Wallace varsity, Coach Watts will take his men to Columbus Saturday to buck up against the strong capital university eleven. No predictions have been made but Watts plans to give the Lutheran anything but a push over.

Kent Opens at Kenyon  
Kent.—Good old-fashioned fight seems to be the battery of Kent State college's grid squad this year, and if you could peek through the keyhole on a practice session, it is

rumored that you would see plenty of this prospects for the season look encouraging, and there is an air of confidence surrounding the Silver Fox camp, according to Coach Warner. The 30-man squad will visit Gambier Saturday to take on Kenyon college, and Kent expects to bring home the bacon.

Case Squad Is Weak  
Cleveland.—Bob Fletcher, football mentor at Case, has been losing sleep of late over the Scientists' lack of good substitutes and line material. The varsity backfield looks good and in Elsie, Herzog, Kutler, Doll and Johnny Courtney, Case has some good flank prospects. The rest of the line, however, will have to be built from comparatively new material.

Cleveland.—John Carroll university's football squad is being nursed along carefully by Coach Vince. The team has already been robbed of its captain and three or four other valuable men by pre-season injuries.

Wesleyan Team Heavy  
Delaware.—When Ohio Wesleyan's football team lines up against Marietta for the opening game of the season here, the Battling Bishops will present a husky line from tackle to tackle.

The line which Coach George Gauthier has been using for his first team during practice averages 194 inches tall, from tackle to tackle, includes only one man less than 6 feet tall. Frank Abbey, Ashabula, and Norman Scribner, Baltimore, Md., senior tackles, are 6 feet 2 inches tall, as is Robert Jones, Delaware, sophomore guard, who seems likely to be the only sophomore starting the Marietta game. Scribner weighs 235, Abbey 190 and Jones 200 pounds. James Blair, Chillicothe, who weighs 175 pounds and is 6 feet 1 inch tall, seems to have the call for center.

Seven of the 11 players who seem likely to start against Marietta for Ohio Wesleyan Saturday, are six feet or more tall.

## National Crisis Over Sunday

### Fandom Agog At Chance of Giants to Cop and Enter Series

BY DAVIS J. WALSH  
New York, Sept. 29.—It was only 12 hours ago that officials of the New York baseball club were hastening hither and thither, as it were or maybe was, warning a distraught populace that it simply was no use asking them again. They had no reserved seats left for the ball game between the Giants and Cardinals tomorrow and, if everybody would just be patient and wait a little longer, they could guarantee to have even less than that.

Can't Sleep  
All I can say now is that things have come to a parlous state when a man just knows that he won't sleep a minute more than 12 hours tonight, worrying about what the holders of these tickets might be able to use them for, if the Cardinals beat the Braves again this afternoon. I will be equally at a loss to fathom this problem even if the Cards don't beat the Braves this afternoon, for they can blow that ball game right down the old pipe stem and still take a bow as champions of the National League, provided the Giants blithely boot another to the Cubs.

If the thing that should happen today does happen, I can say with reasonable confidence that they won't take those tickets with them to the Polo grounds tomorrow and I'll even tell you how it is that I know so much. They won't be going to the Polo grounds.

Cards Nearly "In"  
The Cards this morning virtually are "in." They can go wrong but undoubtedly they won't. They got this way yesterday by pulling out another of their theatrical fifteenth-inning finishes, while the Giants, again were finishing a rousing second to the Cubs. The St. Louis entry thus went two games ahead of the situation with exactly two games yet to be played.

The Cardinals can join the Yankees today and make 1926 repeat itself. All they have to do is take the Braves again and this should be no trick at all for a ball club that can win two 15-inning games of almost tragic importance within four days.

Besides, the Braves are all out of miracles after having a prospective pennant winner scoreless for five straight innings between the tenth and the fourteenth inclusive yesterday.

## WOODS and WATERS by HOMER BOW

All set for Monday?  
If not, you should be for indications point towards one of the best opening days of squirrel season in the state of Ohio for some years. Law prohibited the hunting of these chaps last year and the population of Buckeye state forests should have doubled.  
It may not have, but general reports indicate that there are plenty of squirrels over this section of the state.  
Over where I intend to open the season, is a fair piece of timber. Last Thursday night another chap and I went out to look it over. It is on a back road and we parked the machine. In just a moment we heard a rattle in the trees and went in to investigate.

Locate Nests  
Perhaps a hundred feet from the road was a big oak. The noise was coming from that, but we failed to see the squirrel.

Just then one started to bark. That one could not be located for a moment, but finally we found him on a leaning dogwood. Another squirrel answered him from a short distance deeper in the timber and the noise continued in the oak. They were for squirrels.

We treat lightly as we backed out of the woods.  
Things are looking up for the opening morning if we get an even break on the weather.

About Noon  
We drove further into the country to consult a farmer about running coon dogs and opening the season on his property. That is all arranged. We asked him about squirrel in his timber.

"Squirrel? Yes! Plague take 'em, they are in my corn thick and if somebody don't get rid of 'em I will." That only made us feel all the better. Then he added that he had seen the tracks of an old coon with three or four little ones with her along the creek.

Anticipation? Yes, plenty of it. Here is the law on squirrel:  
The Law  
Section 1397 Squirrel. A. Open season. Squirrel may be taken and possessed from the first day of October to the 15th day of October only, both inclusive. First open season to be on Oct. 1, 1928, and every two years thereafter.

b. Limit. A person may take in one day and have in his possession at one time, not more than four squirrels.

Paragraph C has to deal with the fact that squirrel can not be sold in the state regardless of whether they were shot within or without Ohio.

A definition in section 1390 states that game quadrupeds are hare or rabbit, gray squirrel fox squirrel and deer.

Red squirrel are not considered as a game quadruped and do not affect

## Salem-Sebring Team Looms As Powerful Combine For Opener

Presenting a mixed aggregation of the gridiron talent of Salem and Sebring, the Althouse Studebakers will open the semi-pro football season Sunday against the strong Nustbaum Jewellers of Canton, at the Sebring fair grounds.

Coach Carleton Mefort conducted his squad through three hard workouts last week, weeding out the strongest possible squad that might be selected from the players appearing from the two cities. Ex-College, ex-High school, semi-pro and professional stars well-known to football fans of the entire vicinity have been selected to represent the two-city combine.

In all probability, tomorrow's starting lineup will consist of the following: Hogue, fullback; Mefort and Brimlow, halfbacks, and Johnson, quarterback; Jones and Dowd, ends; Corso, J. Ciminelli and Nigel, tackles; Baumgartner and Harrington, guards, and either Vollmer or May at center.

Arnold Seeds, Jim Gregg, and Hahlen, backfield men may be selected for halfback positions at the last minute, while Joe Mills, who expects to play with the Irontown Tanks, may decide to stick with the Althouse team and be started in a tackle.

Strongest Team In Years  
To all appearances this will be the strongest lineup which has been seen on the gridiron in this section in years. Every member of the squad is well established as to football reputation, and has played ball in Salem, Sebring, and nearby cities for years.

Only four of those figured for starting places come from Salem the rest hailing from Leetonia, Lisbon and Sebring. Bus Jones, Joe Corso, George Vollmer, and Paul Harrington are the Salem boys, while Mefort and Johnson are from Lisbon. Dowd from Columbiana, Ciminelli from Leetonia, and Brimlow, Baumgartner, Nigel, Hogue, and May are from Sebring.

Gregg and Seeds are both former Salem High players, Seeds having graduated last year, winning all-county honors. Hahlen is originally from Cleveland.

Changes will be seen in the lineup before the game progresses to any great extent, as Mefort wishes to get a line on every member of his squad. About 25 men will be carried for the first few games. The Jewellers are not figured as extra strong, but will probably give the newly organized team plenty of competition. Last year the Canton team won an excellent reputation, and only lost the Canton city championship to the Rogers Jewellers by two touchdowns.

Hogue and Mefort Star Backs  
Hogue and Mefort are doped as Salem's strongest backs. Mefort played end with Carnegie Tech, but was switched to the backfield by Coach Wally Steffen on several plays due to his ball-carrying ability, and was one of the main reasons why Tech annihilated Rockne's "Fighting Irish" in '26, 19-0. Hogue is an excellent kicker, ball-toter and de-

ensive man, has played with many of Ohio's leading professional teams.

Bus Jones and Kenny Dowd make a nifty end combination, Jones graduated from Salem High, later starting at Kenyon college. After attending Kenyon two years, he played with the Cleveland Favorite Knits, and several other Cleveland pro teams. Joe Corso and Mills would be almost unbeatable as a pair of tackles, but Mills is said to prefer playing with the Irontown professional team, Jimmy Ciminelli, of Leetonia and Nigel have been working in at tackle most of the time and given the preference to start.

Vollmer Is at Center  
Francis Smoots, of Salem, is also so out for tackle, and pushing the others hard for the regular berth. Butch Vollmer, another former Salem High star, declared to be the greatest center ever developed at that institution will start at center.

A really tough aggregation is looked for in tomorrow's game. On the following Sunday, the Rogers Jewellers of Canton, with "Cookey" Cunningham and a gang of other former collegiate stars, will be played at Canton, and in order to give a good account of themselves against that high-class outfit, the Althouse eleven will have to put out plenty of star football playing.

A game will also be played in two weeks, with the Fairmount Bulls of Alliance, who furnish the opposition for the Rogers Jewellers tomorrow, and will give the Studebakers a slant on the strength of both teams.

All home games of the Salem-Sebring team will be played at Sebring until the field being built by E. H. Althouse, backer of the team, is completed.

## Salem's Grid Menu for Today Contains Real Tasty Dishes

Football fans of this vicinity have the opportunity of going to any of several places this afternoon and seeing good football games. At East Liverpool, Cleveland Holy Name visits the Ceramic City; East Palestine plays at Sebring, and Cleveland Cathedral Latin, at Struthers.

At Reilly stadium, starting at 2:30, Salem High stacks up against Leetonia in what is expected to be a stiff struggle. Leetonia expects to beat Salem, according to the cry issuing from Leetonia High backers, while the Red and Black team is confident that they will be returned victor by several touchdowns.

Leetonia's team will average 147 pounds. Only five men are listed in 26 names, as weighing over 150, but one of these, Herr, tackle, tips the scales at 192, and Altmore, center, weighs 168. The backfield will weigh about 130.

At Youngstown a double-bill is scheduled for Rayen stadium. In the feature, Carnegie Tech will play Westminster college, and in the opener, East High plays Austintown.

Tech scheduled the Westminster game for practice purposes, but statements issued from the Presbyterian headquarters declare that Coach Wally Steffen's Tartans are

going to get a going over today.

Howard Harpster, captain of the Tech team, quarterback, punter, dropkicker, and whatnot, will be watched by Beebe's team, in order that he will not repeat the tactics which worked so well against Notre Dame two years ago.

Minerva High plays at Lisbon today.

## Solving the Dessert Problem With Layer Cakes

With the return of cool weather interest in layer cakes is renewed. The cakes are suitable for desserts served alone with the coffee, or for a luncheon dessert after light sandwiches or cold dishes. They also go well with afternoon coffee for special occasions, but not for tea or with ice cream.

Most cooks have one good layer recipe and vary it according to the kind of cake they are making.

## Sponge Layer Cream Cake

Make a sponge cake, after any good recipe, in three layers. Prepare the filling by beating together the yolks of two eggs, a cup of fine sugar, two tablespoons of cream and a teaspoonful of vanilla. Beat and mix to a cream and spread between the layers and over the top. Set in a cool place until dinner time.

## Creole Banana Cake

Make a three-layer cake of three-quarters of a cupful of butter, a cupful of sugar worked to a cream. Add the beaten yolks of four eggs and half a cupful of milk. Sift in a cupful of flour with two level teaspoons of baking powder, beat until all is smooth. Now sift in slowly another cupful of flour, beating constantly, add a teaspoonful of vanilla and add a half cupful more flour. Beat until smooth and if not too thick beat in a half cupful more flour then add the stiffly beaten whites of the eggs. Turn into the buttered and flour dusted layer pans and bake a delicate brown. When done, cover one layer with bananas sliced very thinly lengthwise, then cover with made cream. Put on the next layer and proceed in the same way. Filling cream: moisten one tablespoonful of cornstarch in a little water, then put in a cupful of boiling milk, stir and boil for three minutes gently, then add a tablespoonful of sugar and three beaten eggs, stir well, then add a teaspoonful of vanilla and when slightly cool fill, as directed.

## Fresh Coconut Cake

Cream together a half cupful of butter and one and a half cupfuls of sugar. When creamed, beat in the yolks of four eggs. Add one cupful of milk, two cupfuls of flour, and two teaspoonsful of baking powder. Add the stiffly beaten whites of two eggs and a teaspoonful of vanilla. Divide in two buttered layer cake tins. Ice: boil together two cupfuls of sugar, a half cupful of water and a teaspoonful of vinegar until it spins a thread. Then turn over the stiffly beaten whites of two eggs, beating until it is set, then add a teaspoonful of vanilla. Spread on layers of cake sprinkling thickly with freshly grated coconut. Use over the top as a frosting sprinkled lightly with a little of the coconut.

## Chocolate Cake-Chocolate Filling

Cream one cupful of butter and two cupfuls of sugar. Add three whole beaten eggs, a teaspoonful of baking soda sifted in with two cupfuls of flour, a cupful of milk, a teaspoonful of vanilla, and two squares of chocolate dissolved in five tablespoons of boiling water. Divide into three layers. Filling: A half-cake of chocolate dissolved in one and a half cupfuls of milk, and a heaping tablespoonful of butter. Mix two cupfuls of sugar with one and a half cupfuls of flour, mix, with the chocolate and stir until all is smooth. Spread on the cake and let stand over night before cutting.

## STYLE EDICTS

Paris, Sept. 29.—Quantity plays a small role in feminine shoes these days but the same cannot be said of quality.

There is so much cut out of what little leather it takes to make a shoe because of decorative purposes. Sometimes it is around the instep that cut-out motifs appear. Or else it is the heel section of the shoe which is delicately cut to give a more fragile appearance.

Shoes chez Lecine, very near the Opera, are as light as a feather, and yet will wear for a lifetime. This well known better is a Sicilian who came to the French capital almost "barefoot" but is far from that now. Most of the smartest feet in Paris step out of his shop nowadays.

This year he is making some stunning models of lizard combined with patent leather with lovely incrustation work. Camaleon tones of grey and beige are used much and more dressy models have them in

pastel tones and silver leather.

For afternoon wear he is showing lizard and serpent in all colors with satin and colored polished leather for evening slippers. Heavy crepe de Chine is also much used in tones to match the frock.

Printed kid replaces reptile skins on some of the new shoes. Narrow bands of printed kid cross and recross themselves on a one-strap sandal in smart effect.

Lisbon Man Seeks Divorce From Wife

Fred C. Clark, through his counsel, W. S. Foulks has filed an action for divorce in common pleas court against his wife, Hattie S. Clark, whom he married at Lisbon, Sept. 15, 1912. The petition relates that the defendant left her home June 23, last and has not returned. The two children are in the custody of the father.

Anna McGrew has filed her petition for divorce against her husband Ben F. McGrew. They were married at Lisbon in August 1913, and have four children, ranging in age from two to 14 years. Gross neglect of duty for over a period of five years is set up as a grounds for the action.

Cases Dismissed

In the case of Jennie Buxton and William K. Buxton against William Buxton to recover \$500 claimed to be due on a note, the action has been dismissed by the plaintiffs at their costs, and without prejudice.

A similar entry has been made in the case of J. E. Hobbs against Paul Kovich. In this action the plaintiff sought to recover \$330 claimed to be owing on a note for commission for the sale of property.

Seeks Damages

An action seeking \$10,000 damages has been filed in common pleas court by Edwin Applegate of East Liverpool, against the city of East Liverpool, the damage being sought for injuries to his wife sustained by a car, May 9, 1928.

The petition which has been filed by Atty. G. Jay Clark relates that at 6:30 o'clock the evening of May 9 last, Mrs. Applegate was a guest in an automobile driven by Roy

Game on Pennsylvania ave., and when opposite the colored Baptist church the car struck a hole in the street, and the car received damage and she was severely injured, and from which she has not recovered.

Judgment

Judgment by default in favor of the plaintiffs has been entered in common pleas court in the case of Miller & Coulson against Bridget Strickland and for \$8,805.34 and costs. The court has also found there to be a lien on the Bergholz State bank for the defendants \$709.27, and a lien for foreclosure of mortgage of \$21,400 for order of sale has been entered.

Jurors Named

After names have been drawn from the jury wheel to serve as jurors, and to report in court next Monday morning. They are: Thos. A. Dan McLean, Walter Thomsen, Addie Whitacre, E. J. Liverpool, Nina Carble, John Doherty, Cliff Baugh.

Isabel Lucy Loudon, Elizabeth Adams.

Divorce Granted

A divorce decree has been granted to the plaintiff on the grounds of extreme cruelty and gross neglect of duty in the case of Olive Headley against Clarence Headley, and upon payment of costs. The original petition in this case was filed May 4, 1927.

Alimony Granted

Temporary alimony of \$50 to be paid the plaintiff within 30 days has been ordered by the court in the divorce action recently filed in common pleas by Sadie I. Alton against her husband, William E. Alton. The court has further ordered the defendant to pay his wife \$10 per week for the support of herself and a minor child during the pendency of the suit, the latter payments to be made each two weeks.

Settlement Made

There has been a settlement out of the court in the case of Gertrude M. Patterson as administratrix of the estate of Percy L. Patterson, deceased against Sarah Sanor. The plaintiff in this action sought \$780 from the defendant for "influence" in the suit of John C. Sanor.

# RADIO

## NEWS AND PROGRAMS

Both Columbia and NBC networks will relay world series games to the millions of radio sets throughout the country. No matter in what nook of the woods a person may live, he will be able to listen in to the interesting accounts of the championship games as told by Graham McNamee and Phil Carlin over the NBC chain, and Ted Husing, for the Columbia network.

Probably 82 stations in all will function during the world series. This is not taking into consideration the Pacific coast chain, which of course, will also soon be added to the lists.

The best stations for Salem and fans of nearby territories to listen to on these occasions will be WTAM, WADC, and WHK. Definite times of the games, and dates for opening the series have not been made available to the public yet.

**Politics Again**  
Tuning to political talks is becoming sort of a habit with radio fans, it seems now, although it was believed at first that the programs were becoming monotonous. To a certain extent there was monotony in plenty of them, but when Al himself, or Hoover are at the "micro" there is always the certainty of something new.

Because of Governor Al's rambling attack on his adversaries lately, everyone will be turning the dials over to the Blue network at 10 tonight, when the Democratic nominee is on from WJR, WJZ, and KDKA. The G. O. P. exponents of Hooverism are sending James J. Davis to listeners through the same chain at 8.

Musical features tonight follow:

At 9:00 Luck Strike Dance Orchestra, WEAF, WTAM; 1:00 Bamboo Garden Orchestra, WTAM; 7:30 Geoffrey Ludlow, WJZ, KDKA; 9:30 Paul Specht's Orchestra, Columbia chain.

### WINNERS

RUTH CARHART  
\* Contralto

JOHN W. COSBY  
\* Bass-Baritone

Miss Ruth Carhart, 21-year-old Cincinnati contralto, was chosen the best singer in Cincinnati in the district radio audition contest for competition in the southern Ohio contest, which will be held from Radio Station WAIU, Columbus, October 19.

Miss Carhart was selected a favorite in the Cincinnati contest due to the fact that her voice had been selected as the best in the city recently by Madame Schuman-Heink, and was adjudged the best in the prima donna's master class in Kansas City last summer.

John Wilson Cosby, 21, baritone, was adjudged possessor of the best male voice in Cincinnati and will also compete in the WAIU finals.

This victory makes them Cincinnati's representatives in the southern Ohio state audition at WAIU, and advances them nearer to the \$17,500 in cash awards, vocal scholarships and musical careers offered by the Atwater Kent Foundation to amateur singers.

Thirteen other Ohio cities have arranged local auditions for their promising singers. Mrs. Harry L. Goodbreak of Cleveland and Karl H. Eschman of Denison university, Granville, chairman of the state audition committees, announced today.

Sandusky's audition was held Thursday, Athens Friday, Columbus and Saturday, Toledo's Sunday; and Chillicothe's Monday. Auditions also will be held in Akron, Canton, Youngstown, Oberlin, Wooster, Delaware, Newark and Hamilton.

New York—Beginning Monday, one day after daylight saving ends, taxicab windows must be larger, so large that the police outside can see what is going on inside. Curfews are forbidden. But there is no drive against petting. The police think the new regulations will help prevent crime.
